

Try the New Lloyd's Wordings Repository

We are currently developing a new and enhanced version of the Lloyd's Wordings Repository (LWR). The updated LWR includes several new features to make searching and developing wordings easier than ever before. The enhancements include:

New Search Bar

To find wordings, simply enter reference numbers, content, and/or metadata into a powerful new search bar. (Don't worry—the advanced search functionality that's now part of LWR will remain available.)

The screenshot shows a search interface with a search bar containing "pollution, exclusion". Below the search bar are several filter sections:

- Section(s)**: All, Core, Lloyd's Sections, Managing Agent, Brokers / Others, Status.
- Market**: All.
- Class of Business**: All.
- Classification**: All.
- Country/Jurisdiction**: All.
- Original Language of Wording(s)**: All.
- Originator**: All.
- Translation Language**: Select.
- Effective Date From**: dd-mm-yyyy.
- Effective Date To**: dd-mm-yyyy.
- Line(s) of Business**: [Empty].
- State/Jurisdiction**: [Empty].
- Effective Date**: dd-mm-yyyy.

A "Search" button is located at the bottom right of the interface.

Search Results

Search results now include filters to help drill down to specific search needs. The actual search results are prioritised by the relevancy of the terms entered into the search bar and include options to print, download, and export the results.

The screenshot shows search results for "pollution, exclusion". The results are displayed in a table with the following columns:

Reference Number	Title/Description	Effective Date	Section	Territory/Jurisdiction	Status	Actions
<input checked="" type="checkbox"/> LSW0331	Seepage And Pollution Exclusion Clause	01-01-1992	Core	Worldwide	Active	Download, Print, Email, Export Selected Results
<input checked="" type="checkbox"/> LSW0527	Absolute Seepage, Pollution and Contamination Exclusion	01-01-1994	Core	Worldwide	Active	
<input type="checkbox"/> LSW0527A	Absolute Seepage, Pollution And Contamination Exclusion	01-03-1994	Core	Worldwide	Active	
<input type="checkbox"/> NMA2342	Seepage and/or Pollution and/or Contamination Exclusion	24-11-1998	Core	USA & Canada	Active	
<input type="checkbox"/> AVN00468	Noise and Pollution and Other Perils Exclusion Clause	01-10-1996	Core	Worldwide	Active	
<input type="checkbox"/> NMA1684	Seepage, Pollution and Contamination Exclusion Clause No. 2	22-01-1970	Core	Worldwide	Active	

Filters on the left include Status (Active: 115, Archive: 47, Withdrawn: 7), Section(s) (Core: 169), and Market.

Check Out the New Version and Let Us Know What You Think

Beginning 13th May 2019, we'll begin a testing phase during which you can try the new application. At that time, please take a few moments to use the new LWR and let us know what you think, using the "Comments and Suggestions" link at the bottom of the login screen or the email below.

Note that during the testing phase, you'll still be able to use the current LWR. We're planning to discontinue the current version of LWR and fully migrate to the new version over the next several weeks.

Any questions? Please feel free to contact us at LWR_Suggestions@lloydswordings.com
